COMMUNITY OUTREACH: SMILING BLUE SKIES CANCER FUND

LOCATION: VICTORIA, B.C.

When Suzi lost her 6 year old Golden Retriever to cancer in 2001, she started a fund, in honour of Blues, through the OVC Pet Trust to fund research into cancer in companion animals. She has galvanized the entire nation into fundraising efforts, in a variety of ways. To date, over 1 million dollars has been contributed to the Smiling Blue Skies Cancer Fund, with the hope that researchers will one day find a cure for cancer in our companion animals. Suzi is available by phone or email 24/7, to assist people with supplements, food suggestions, cancer studies, etc. Through her efforts, and the efforts of people across the country, we are working hard to supply the funding necessary for this research. One major benefit is that some of the research is crossing over into the human cancer research arena. One day, maybe we won't hear the dreaded word "cancer" thanks to Suzi and the Smiling Blue Skies Cancer Fund.
