COMMUNITY OUTREACH: FIXED FUR LIFE

CHARITY OF CHOICE: FIXED FUR LIFE

Fixed Fur Life. A catchy name – but a very serious and necessary mission.

As of April 2015, FFL had spayed and neutered 18,309 cats and dogs in the Belleville/Quinte area. • The organization does not receive any form of government funding and relies on donations, both cash and in-kind, from the public, local businesses and the veterinarian community.

100% of all cash donations are used for veterinary expenses (spaying, neutering, vaccination and medical emergencies). Food and litter for the animals in its care are donated by local businesses, or are paid for by their foster homes or adoption centres.

Fixed Fur Life relies on 100+ volunteers to foster and care for the animals until they are adopted. FFL has already made a real difference in saving and improving the lives of cats and dogs but there is a need to do more.

Here are some recent rescues:

- 35 cats and kittens taken in by Fixed Fur Life (FFL) when the abandoned farmhouse they were living in was burned down. All were spayed/neutered; their health issues taken care of and many have since been adopted into loving homes.
- A kitten, thrown from a moving car on Highway 401, was taken in by FFL. The severe injuries it sustained required surgery and extensive after care –all paid for by FFL up until the time this little darling was adopted by a loving family.

Additional nominations were submitted for Fixed Fur Life, but are not included here.
