SHELTER & RESCUE: LITTERS 'N CRITTERS RESCUE SOCIETY

LOCATION: HALIFAX, NS

Litters 'n Critters Rescue has saved the lives of over 4000 animals since they started in 2007. They take on some of the hardest cases and will do anything they can to save their lives. They are one of the hardest working rescues in Nova Scotia and only want the best for the dogs they take into their rescue. They spend a vast amount of money on vet care, training, and essentials for their rescue dogs.

LnC is completely self-funded and are 100% volunteer. They do not have a shelter, as they run by the foster care system. They advocate rehabilitation, training and adoption of companion dogs and assist people with rehoming their dogs. LnC helps to inform the public on responsible pet ownership and how to make a knowledgeable decision on choosing a family dog. They are crusaders when it comes not leaving pets in cars during the summer and keeping them inside during cold winter weather. Litters n Critters coined the name "Mushkadoodle" after 2 successful intakes of a large amount of dogs from northern Labrador, with the help of Fed Ex and the Goose bay SPCA., and they have an official Mushkadoodle Day named after them in Halifax, NS.

LnC's team works very hard and the care, compassion and dedication they put into helping animals is extraordinary. They truly are the best friends of "man's best friend's".
